

GOT A COUGH? GET A CHECK.

If you have a cough,
breathlessness or
chest pain for over
three weeks, you
need a chest x-ray.

Ask your GP or
ring NHS Direct
on 0845 46 47
for advice.

If you are over 50, you can also visit
the Leeds walk-in x-ray services at
St George's Centre, Middleton or
Seacroft Hospital, York Road*.

For opening times visit
www.leeds.nhs.uk/threeweekcough

*The Leeds walk-in x-ray service is available for people over 50 who
have had chest symptoms for more than three weeks.
